

# Informatica Professional Certification Program

## Take Your Data Integration Expertise to the Next Level

### BENEFITS

- Become certified on industry-leading data integration and data quality solutions
- Increase your professional recognition and visibility with the Informatica Professional Certification logo
- Gain the knowledge you need to fully support Informatica software
- Differentiate yourself as an Informatica product expert

### Contact Us

- Visit [www.informatica.com/certification](http://www.informatica.com/certification)
- Call (866) 311-5338

### Invest in Your Future

In today's competitive IT environment, you need to differentiate yourself. You are only as strong as the products you use.

With **Informatica Professional Certification**, you prove that you have the knowledge and skills needed to meet today's complex data integration and data quality challenges. You establish your professional credibility with your employer and within the greater IT industry. Whether you are a consultant, project administrator, or data specialist, Informatica Professional Certification provides you with new opportunities to help improve your productivity, increase your marketability, and succeed in your career.

Why not invest in your future and become certified on the industry-leading data integration software?

Informatica is recognized as the industry leader in enterprise data integration. More than 80 percent of Global 100 organizations have standardized on Informatica software.

### Certification Paths

Take your data integration expertise to the next level with two certification paths:

- **Data Integration Certification Path.** This path instructs you in designing, implementing, using, and supporting Informatica® PowerCenter® on a variety of data integration projects.
- **Data Quality Certification Path.** This path provides you with the skills and expertise you need to meet the data quality needs of your organization. It focuses on Informatica Data Quality™ and Informatica Data Explorer™ software.

### Exams

Informatica Professional Certification is based strictly on the knowledge level attained through a combination of hands-on project work and Informatica training. After you register for an exam, Informatica will provide you with a skill set inventory for each exam. The inventory outlines the topics you need to know in preparation for your exam. For more information about preparing for the exams, please visit: [www.informatica.com/certification](http://www.informatica.com/certification).

Data Integration Certification Path			
LEVEL	CERTIFICATION	RECOMMENDED TRAINING	REQUIRED EXAMS
Level I Informatica Certified Administrator	Administrator	<ul style="list-style-type: none"> <li>PowerCenter 8 QuickStart (eLearning)</li> <li>PowerCenter 8.5+ Administrator (4 days)</li> </ul>	<ul style="list-style-type: none"> <li>Architecture &amp; Administration</li> <li>Advanced Administration</li> </ul>
