Accelerate Your Outcomes with Informatica PSUs

In today's fast-paced AI-powered world, speed is critical to unlocking business value and staying ahead of the competition. That's where Informatica Professional Services comes in, offering a game-changing solution to accelerate your success -- **Professional Services Units (PSUs)**.

With PSUs you gain flexible on-demand access to a wide range of expert services tailored to your needs. This modular system allows you to purchase PSUs in bulk, giving you the freedom to apply them to any eligible services from the Informatica Services Catalog -- whenever you need them, within a 12 month period.

How PSUs Work

Each PSU represents a unit of professional services value that can be applied to a wide range of offerings, such as:

- Pre-defined implementation packages
- Strategy and adoption workshops
- IDMC platform configuration services
- Architecture and security support
- Data quality and rule deployment
- Business change planning and education

Simple and Scalable Process

- **Easy Bulk Purchase:** Secure PSUs with a single order--no need for lengthy contracts or statements of work.
- **Wide Service Selection:** Choose from an extensive catalog of eligible services that align with your business roadmap.
- **Maximize Value:** Our team will guide you in selecting the right services to amplify your PSU investment.
- **Quick Engagement:** Activate professional services quickly, as needed, based on consultant availability

**"Action and flexibility
create opportunity."**

– Garrison Wynn
