## Executive Briefing Center

### Accelerating Your Data-Driven Digital Transformation

For more than 25 years, Informatica® has enabled thousands of customers to unleash the power of data. Informatica's Executive Briefing Center (EBC) experiences are designed to help you gain the knowledge you need to succeed in your data-driven journey. An Informatica EBC experience will provide unparalleled access to senior Informatica executives and product leaders, who will listen, collaborate, and share how Informatica can help accelerate your data-driven digital transformation.

### Your Executive Briefing Center Experience

The Informatica EBC welcomes visitors from around the world to one of three convenient locations: our Silicon Valley-based headquarters in Redwood City; our offices located in the heart of the New York City Financial District; or in our offices in the EMEA tech hub of Dublin. In the EBC's modern and collaborative settings, you participate in a fully personalized briefing that is tuned to your strategic business and technology data priorities.

Throughout your visit, you will have direct access to Informatica executives, product managers, and business and technical subject matter experts for in-depth discussions to help you solve your most pressing business and technical challenges. Business strategists can share customer and industry best practices, while technical experts can lead product and solution demonstrations, with agendas customized to your organization's specific needs.

As the leader in Enterprise Cloud Data Management, we're prepared to help you intelligently lead—in any sector, category, or niche. We look forward to exploring options, sharing roadmaps and architectures, and conducting whiteboard sessions to identify innovative ways for you to unleash the power of data.

#### Schedule your visit

Contact your Informatica account team or email us at [EBC@informatica.com](mailto:EBC@informatica.com) to book your briefing today.
