## Transform Your Data From Simply Binary Information to Extraordinary Innovation

### Cloud First. Data Always.™

As the Enterprise Cloud Data Management leader, Informatica (NYSE: INFA) empowers businesses like yours to realize the transformative power of data. We have pioneered a new category of software, the Informatica Intelligent Data Management Cloud,™ powered by AI and a cloud-first, cloud-native, end-to-end data management platform. It empowers your enterprise to modernize and advance your data strategies.

At your Informatica EBC experience you'll have unparalleled access to senior Informatica executives and product leaders who will listen, collaborate, and share how Informatica can help accelerate your data-driven digital transformation.

### Wherever You Are

The Informatica EBC is a virtual briefing at your desk, or an in-person experience in our Silicon Valley headquarters in Redwood City or our offices in the heart of the New York City's Financial District. No matter what location or format you choose, you will have a fully personalized briefing tuned to your business and technology priorities.

### Whatever You Need

You'll have direct access to Informatica executives, product managers, and business and technical subject matter experts for in-depth discussions to help you solve your most pressing challenges. We can share customer and industry best practices, and lead product demonstrations. Your custom agenda will focus on your organization's specific needs so that we make the most of your valuable time.

### What You Can Expect

- Directly access Informatica executives, business strategists, technical experts and more.
- Dive deeply into your important topics, with focused demos and dynamic planning sessions.
- Collaborate with our industry and business experts on a data strategy for effective business outcomes.
