

Cloud Adoption Integration Hub Success Pack

Benefits

- Get expert 1-on-1 guidance
- Apply best practices while working on your implementation
- Kick start the development cycle from the get-go
- Shorten your enablement lifecycle using our “Do it with me” approach

Our Cloud Adoption Integration Hub Success Pack provides a fixed scope of work for a fixed price and within fixed time lines. Informatica reviews the customer requirements and confirms in advance that the Cloud Adoption customer success service offering will meet those requirements and we provide a Level of Effort (LOE) document.

The Cloud Adoption Integration Hub success pack assists Customers to accelerate their deployment by providing fully configured end-to-end Pub/Sub capability in their cloud environment. This includes:

- Use-case review
- Setup/Configuration of Cloud Organizations
- Successful configuration one Publication and two Subscription between applications (connections)
- Configuration for (1) compound object sync based on requirements
