

# Banking Accelerator for Informatica Axon

Information Asset has created a Data Governance Accelerator for the Banking sector based on Informatica's market-leading product Axon, eliminating implementation complexities and dramatically speeding up time to delivery of a truly collaborative Axon data governance program. The accelerator should easily reduce governance start-up time by six to eight weeks.

The Banking Accelerator includes sample Glossaries, Business Terms, Data Quality Rules, Workflows, Regulations, Policies, and Business Areas commonly used within the Banking Industry.

This Accelerator Package package includes 40 (non-refundable) hours of remote consulting by a Data Governance Subject Matter Expert and is to be utilized within 90 days of purchase.

## What is included:

- Banking Operating Model
- Dashboard
- Banking Glossary
- Glossary Lineage
- Systems and Dataset Lineage
- Data Quality Rules
- Process Lineage
- Sample Workflows
- Sample Change Requests
- Sample Regulations
- Sample Organizational / Lines of Business

## Additional services included:

Informatica Axon backup and restore - You will receive 40 hours of remote consulting to be used within three months. You will also get access to sample Axon content on Information Asset's hosted AWS environment for 90 days.
