

## Cloud Data Integration Free Service

<p><b>Packaging</b></p>	<p>The Cloud Data Integration Free Service includes the following:</p> <ul style="list-style-type: none"> <li>• <b>Data Integration:</b> Data Integration provides data integration capabilities including the ability to perform data synchronization, define simple orchestrations with linear taskflows, design and execute data integration tasks (mappings), create re-usable tasks (parameterized mappings or templates) using the Cloud Mapping Designer.</li> <li>• <b>Mass Ingestion Database:</b> Mass Ingestion Database enables Customer to capture and ingest data from relational databases in both batch and real-time patterns and deliver data to target data stores, including cloud data warehouses and cloud data lakes.</li> <li>• <b>Mass Ingestion Files:</b> Mass Ingestion Files enables Customer to transfer files from data stores to support large data ingestion and cloud data lake initiatives.</li> </ul> <p>Informatica Processing Unit (IPU) is a unit of capacity that can be used across a range of Cloud Services.</p> <p>Cloud Data Integration Free Service usage restrictions:</p> <ul style="list-style-type: none"> <li>• Requires Work Email for Registration (public emails, e.g., gmail.com, yahoo.com, etc. are not allowed)</li> <li>• 1 Cloud Data Integration Free Service organization per corporate email domain             <ul style="list-style-type: none"> <li>○ Any user registering from an email domain already registered for a Cloud Data Integration Free Service will be added to the existing Cloud Data Integration Free Service organization as an administrator</li> </ul> </li> <li>• Cloud Data Integration Free Service Organizations not used for 30 days will be subject to deletion and users with same corporate email domain may not be eligible to register for a new Cloud Data Integration Free Service.</li> <li>• Community Support Only</li> <li>• 25 Informatica Processing Units (IPU) per month for Cloud Data Integration Free</li> </ul> <p>Cloud Data Integration Free Service does not include the following functionality included in a paid subscription:</p> <ul style="list-style-type: none"> <li>• Platform:             <ul style="list-style-type: none"> <li>○ DSS</li> <li>○ SAML</li> <li>○ Fine Grained Permissions</li> <li>○ API</li> </ul> </li> <li>• Data Integration             <ul style="list-style-type: none"> <li>○ Hierarchy TX's (SP/HP/HB)</li> <li>○ Data Masking TX</li> <li>○ DSS, DMT, DRS tasks</li> <li>○ Linear Taskflow</li> </ul> </li> <li>• Database Ingestion             <ul style="list-style-type: none"> <li>○ Schema Drift</li> </ul> </li> </ul>
<p><b>Product Notes</b></p>	<p>Cloud Data Integration Free Service is provided as a free restricted use subscription subject to the Informatica License and Services Agreement ("ILSA") at <a href="https://www.informatica.com/legal/informatica-license-services-agreement.html">https://www.informatica.com/legal/informatica-license-services-agreement.html</a> except for the exclusions set out below. There is no fee for the Free Service subscription.</p> <p>IPUs are measured on a monthly basis, do not carry over to the next month, may only be applied to Cloud Data Integration Free Service and not to other Cloud Services subscribed separately.</p> <p>Informatica monitors usage for overages. If Customer's usage exceeds its monthly subscribed number of IPUs, the service may be capped at the maximum threshold. Customer may purchase a commercial subscription for additional capacity.</p> <p>If a job or task running in one Cloud Service uses components of another eligible Cloud Service, the Compute Units for that job or task will be calculated based on the highest rate.</p>

*The following connectors are supported by Cloud Data Integration Free Service:*

- *CDWs: Redshift, Snowflake, Synapse, GBQ, Databricks*
- *CDLs: S3, ADLS G2, GCS, CDM*
- *DBs: MySQL, SQLServer, Postgres, Oracle, ODBC*
- *Apps: SFDC*
- *Other: CSV, FTP, REST*

*This bundle is not upgradeable; any additional functionality will require a paid subscription to Informatica Intelligent Cloud Services.*

*Notwithstanding anything to the contrary in the ILSA: (A) Informatica may terminate the subscription and license granted to the Service upon 30 days' written notice via email or otherwise in Informatica's discretion; (B) Informatica is under no obligation to provide Customer with any further subscription to the Service or with any other Informatica product or service; (D) Sections 2 (Support Services), 3 (Fees, Charges, Taxes and Delivery), 5 (Professional Services), 6.1 and 6.2 (Product and Services Warranty), 7 (Intellectual Property Indemnification), and 8.1 (Product Term) do not apply to the Service; and (E) the Cloud Description Schedule for the Service is above.*
