Integrated Admin Console for Informatica

Main Screen

When you choose “User”

- As an non-admin user, you can create request for creating PowerCenter repository users

The screenshot shows a web browser window with the address bar displaying `localhost:62667/teja/user_request_window.aspx`. The page title is "User Request Window". It contains two main sections: "User Create Request" and "User Disable Request".

User Create Request

Domain Name	User ID	User Full Name	Contact Number	Email Address	User Description
Domain_in174525					

Submit

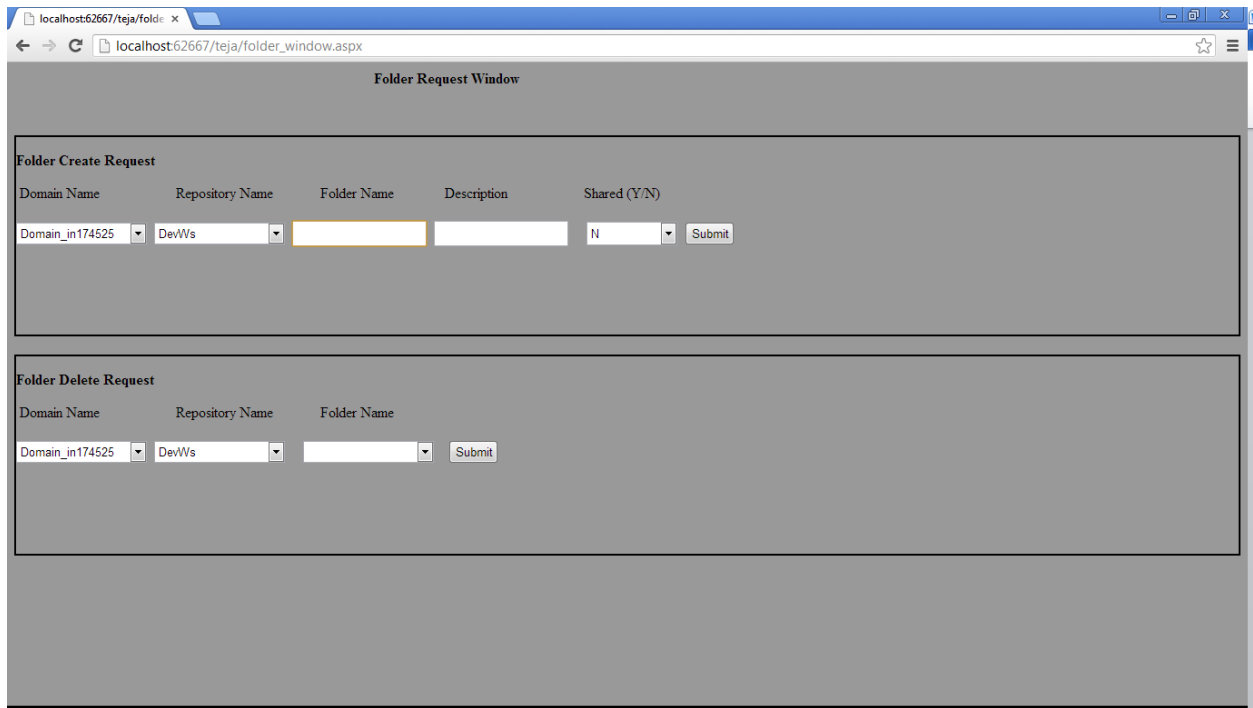

User Disable Request

Domain Name	User ID
Domain_in174525	

Submit

When you choose Folder

- As an non-admin user, you can create request for creating PowerCenter Folder

The screenshot shows a web browser window with the address bar displaying `localhost:62667/teja/folder_window.aspx`. The page title is "Folder Request Window". It contains two main sections: "Folder Create Request" and "Folder Delete Request".

Folder Create Request

Domain Name	Repository Name	Folder Name	Description	Shared (Y/N)	
Domain_in174525	DevWs			N	Submit

Folder Delete Request

Domain Name	Repository Name	Folder Name	
Domain_in174525	DevWs		Submit

When you choose Access

- As an non-admin user, you can create request for granting access to PowerCenter Folder

The screenshot shows a web browser window with the address bar displaying 'localhost:62667/teja/Access_window.aspx'. The page title is 'Access Request Window'. The main content area is divided into two sections: 'Grant Access Request' and 'Invoke Access Request'.

Grant Access Request

Domain Name	Repository Name	Folder Name	User Name	Permission	
Domain_in174525	DevWs			RX	Submit

Invoke Access Request

Domain Name	Repository Name	Folder Name	User Name	
Domain_in174525	DevWs			Submit

When you choose Approval

- As an admin, you can approve the various user requests

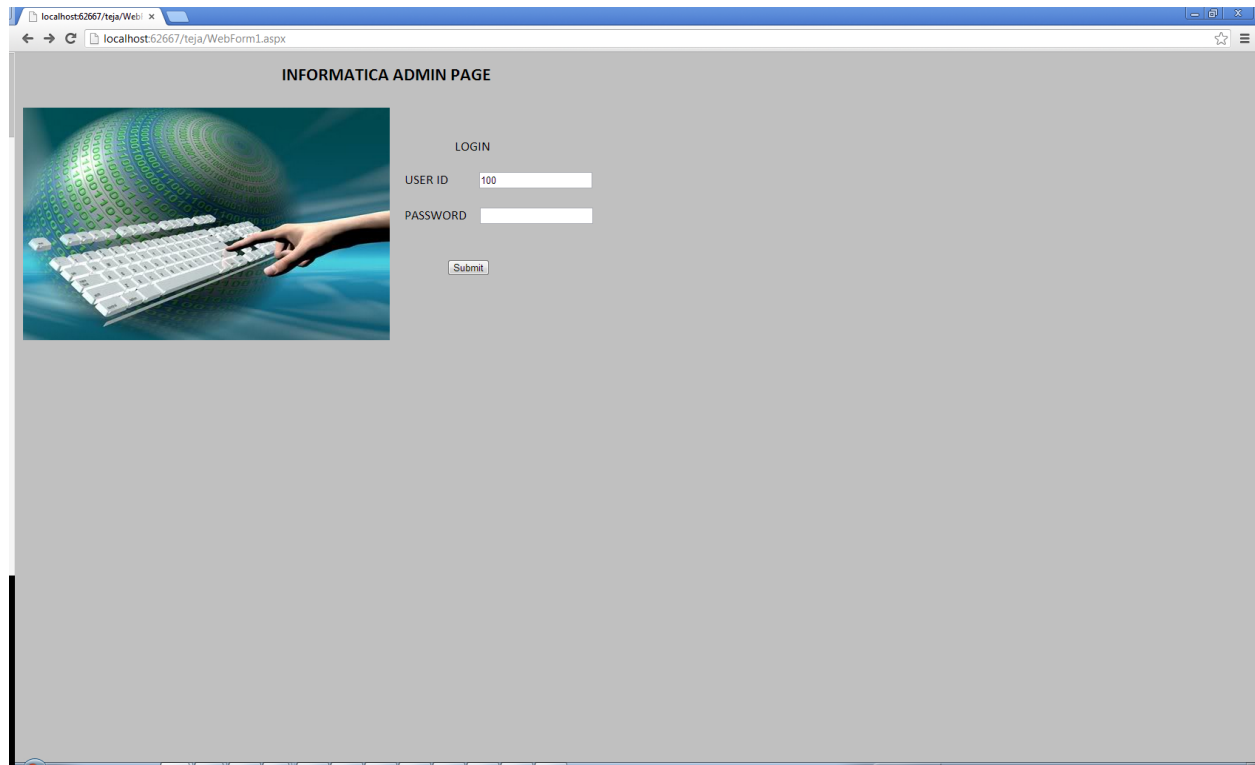

The screenshot shows a web browser window with the address bar displaying 'localhost:62667/teja/approve.aspx'. The main content area is titled 'Request Approval Window' and contains four sections for different types of approvals:

- User Create Approval**: Includes a table with request details.
- User Delete Approval**: Includes a text input for 'Enter the Request id number' and 'Approve'/'Reject' buttons.
- Folder Create Approval**: A section header.
- Folder Delete Approval**: Includes a text input for 'Enter the Request id number' and 'Approve'/'Reject' buttons.
- Grant Access Approval**: A section header.
- Grant Invoke Approval**: Includes a text input for 'Enter the Request id number' and 'Approve'/'Reject' buttons.

REQUEST_ID	DOMAIN_NAME	INFA_USER_ID	CONTACT_NO	EMAIL_ADD	USER_DESCRIPTION
10015	Domain_in174525	dev_user	123456789	test@informatica.com	test

When you choose Integrated Console

You can login using the credentials created in “user” table

The screenshot shows a web browser window with the address bar displaying 'localhost:62667/teja/WebForm1.aspx'. The page title is 'INFORMATICA ADMIN PAGE'. On the left, there is a graphic of a hand typing on a keyboard with a green binary sphere in the background. To the right of the graphic is a login form with the following fields and controls:

- LOGIN** (Section Header)
- USER ID** (Label) followed by a text input field containing the value '100'.
- PASSWORD** (Label) followed by an empty text input field.
- Submit** (Button)

Choose the configured services available in a Domain and access various operations that can be performed
